Minority Fellowship Program – Psychology Summer Institute

- The Minority Fellowship Program (MFP) Psychology Summer Institute (PSI) provided educational, professional development and mentoring experiences to advanced doctoral students of psychology and psychologists who are in the early stage of their careers. Participants were guided toward developing a grant proposal, postdoctoral fellowship, dissertation, treatment program, publication or program evaluation project. All projects focused on issues affecting ethnic minority communities. PSI fellows received one-on-one mentoring on their projects by a consultant. Expert faculty presented seminars on selected topics such as grant writing, publishing and specific areas of research or service delivery. There were also opportunities to network with representatives from federal agencies and foundations.
